(6th March 2025)
- Day 5: AI Awareness Quiz  
Competition (7th March 2025)
- Day 6: Future Frontiers - Panel  
Discussion (8th March 2025)

## AI Steering committee

The AI Steering Committee at iFEEL is a visionary initiative aimed at driving AI innovation and excellence. Formed to bridge the gap between cutting-edge technology and education, the committee focuses on integrating AI into the curriculum, fostering research, and shaping industry collaborations. Its work includes organizing workshops, guest lectures, and AI-centric projects, empowering students with hands-on experience. By providing strategic direction and resources, the committee is transforming iFEEL into a hub for AI talent, ensuring that students are prepared for the future of technology.

## AI Awareness Week

AI Awareness Week is here to ignite innovation and inspire future leaders. This week-long event includes exciting initiatives like a Digital Poster Making Competition, where creativity meets technology, and a Quiz Competition to test your AI knowledge. Gain invaluable insights through panel discussions featuring top AI experts from leading industries. Discover how AI is transforming business landscapes and learn how we can be part of this revolution. It's an opportunity to enhance our skills, engage with thought leaders, and explore real-world AI applications.

# Day 1

# The Dawn of AI (March 3rd)

The AI Awareness Week began with an Opening Address, emphasizing AI's impact on society, education, and industries. The Inauguration Ceremony featured an AI-themed video, providing insights into AI's evolving role. Dr. Sagar Bhadange delivered a Keynote Address, stressing the importance of AI literacy.

AI Pledge Ceremony was conducted, orchestrated by Prof. Vinod KR Sharma, where participants committed to using AI ethically and responsibly. The session concluded with an introduction to the week's scheduled activities, including competitions and discussions.

## Day 2

# AI Awareness in Schools (March 4th)

On the second day, an AI Awareness Session was conducted in schools to educate younger students about AI's applications and ethical implications. As part of AI Awareness Week, we visited schools and colleges to introduce our AI Awareness Initiative. And we are glad to share that our AI Awareness Initiative has been well received. Honored to meet Dr. Narendra V. Deshmukh principle of DBNP Arts, SSGG Commerce, SSAM Science college, who welcomed our vision and agreed to collaborate for future AI Awareness sessions.

—————04/03/25

# Day 3

## AI Visions - Digital Poster Making Competition (March 5th)

The third day focused on creativity with a Digital Poster Making Competition. Participants designed posters showcasing AI's influence across industries, from healthcare to automation.

This activity encouraged students to visualize AI's transformative power and express their understanding artistically

05/03/25

# Day 4

## AI Discourse - Guest Lecture (March 6th)

**AI AWARENESS WEEK 2025**

**Guest Speaker**  
**Mr. Abhivardhan**

Chairperson and Managing Trustee,  
Indian Society of Artificial  
Intelligence and Law

**Master Class On**  
**AI Policy and Ethics :**  
Insights for Management  
Graduates

Thurs | Mar |  
Day | 06 |

Time 2:00 PM TO 3:00 PM

### Mr. Abhivardhan

Artificial intelligence is shaping the future, but the crucial question remains: how do we address its ethical and policy implications? During AI Awareness Week 2025, we had the privilege of hosting Mr. Abhivardhan, Chairperson of the Indian Society of Artificial Intelligence and Law. His insightful presentation provided invaluable perspectives on the ethical and legal dimensions of AI.

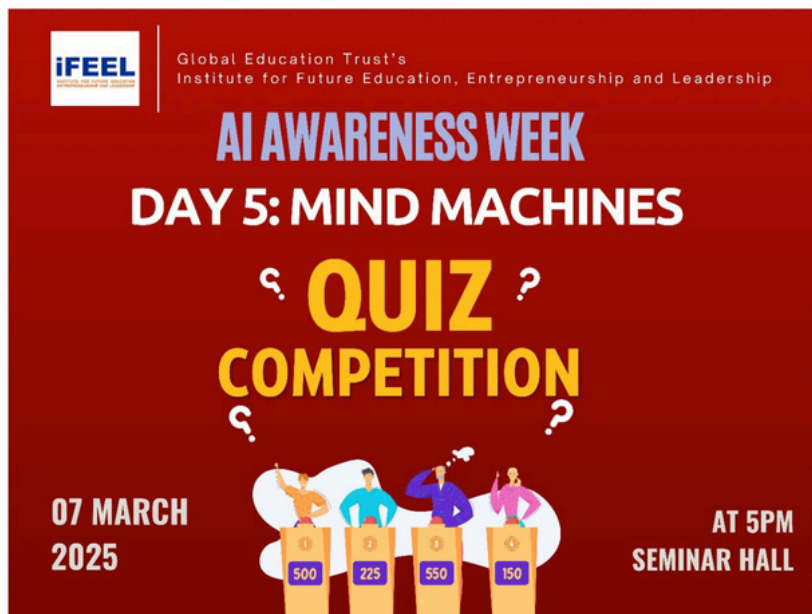

Key takeaways from Mr. Abhivardhan's session included the impact of AI on global policies, the ethical challenges inherent in AI implementation, existing and emerging AI regulations and legal frameworks, and critical insights for future management professionals.

This session proved to be an eye-opening experience for management graduates, business leaders, and AI enthusiasts alike.

06/03/25

# Day 5

## AI Awareness Quiz Competition (March 7th)

A Quiz Competition was held to test students' knowledge of AI history, concepts, and advancements. The event was highly engaging, with participants competing in a rapid-fire round that challenged their understanding of AI applications and trends. Students actively participated even after the power outage, and showed real enthusiasm while playing quiz

07/03/25

# Day 6

# Future Frontiers - Panel Discussion (March 8th)

**IFEEL**  
INSTITUTE FOR FUTURE EDUCATION  
ENTREPRENEURSHIP AND LEADERSHIP

Ranked #16 Among TOP 20 B-SCHOOLS in West Zone

**AI AWARENESS WEEK 2025**

**Master Class On  
How to leverage the  
Tsunami of AI and  
Deep Tech  
A once in a lifetime  
Opportunity**

**Guest Speaker  
Mr. Sudhin Baraokar**  
Global AI and Digital Transformation  
Advisor Ex SBI BARCLAYS IBM CE  
Founder Deep Tech Startups

**MAR-08-2025**  
12:00 PM TO 01:00 PM

**Venue**  
Seminar Hall, Institute for Future Education,  
Entrepreneurship and Leadership

## Mr. Sudhin Baraokar

Both experts shared their deep insights into AI's evolving landscape, each one having 1 hour of Master Class on the role of digital transformation, and the future of AI-driven industries. Mr. Baraokar discussed how AI is shaping sectors like banking, finance, and enterprise technology, while Dr. Chakraborty provided thought-provoking insights on Generative AI.

The discussion covered key topics such as AI ethics, career opportunities, industry applications, and the future of deep tech innovations. Students actively participated, engaging with the experts through thought-provoking questions, making the session highly interactive and informative.

**IFEEL**
